

Dr. Antoinette Newsome currently serves as an Associate Director/Consultant for EAB's Moon Shot for Equity, a transformational initiative to eliminate equity gaps and improve student outcomes. Through her work with Moon Shot, Dr. Newsome supports institutions across the country to implement 15 best practices to inform equity-minded change and leverage technology and data insights.

Dr. Newsome approaches her work with a scholar-practitioner lens. She has work and research experience in both the two-year and four-year sectors. Her professional experiences include areas such as TRIO Programs, Fraternity & Sorority Life, and Housing & Residence Life. Her research interest centers the implementation of racial equity practices at the community college level, postsecondary schooling support systems for Students of Color, mentoring and peer-mentoring relationships for Women of Color in the academy, and equity-based action for inclusionary practices at the institutional level. Additionally, Dr. Newsome supports equity-based change through her company ACN Consulting where she supports student affairs divisions to evaluate their policies and practices to create a more equitable campus environment.

Outside of work Antoinette enjoys fitness classes, traveling abroad, and trying new recipes!
